

View and reply to all your media streams in one place.

The **Live Streams** page is divided into three tabs: Stream View, Reply View, and Listening. You can also set up notifications to receive alerts for new comments or posts.

Stream View

Stream View allows you to monitor, like, and comment on posts from your social audience separated out by site.

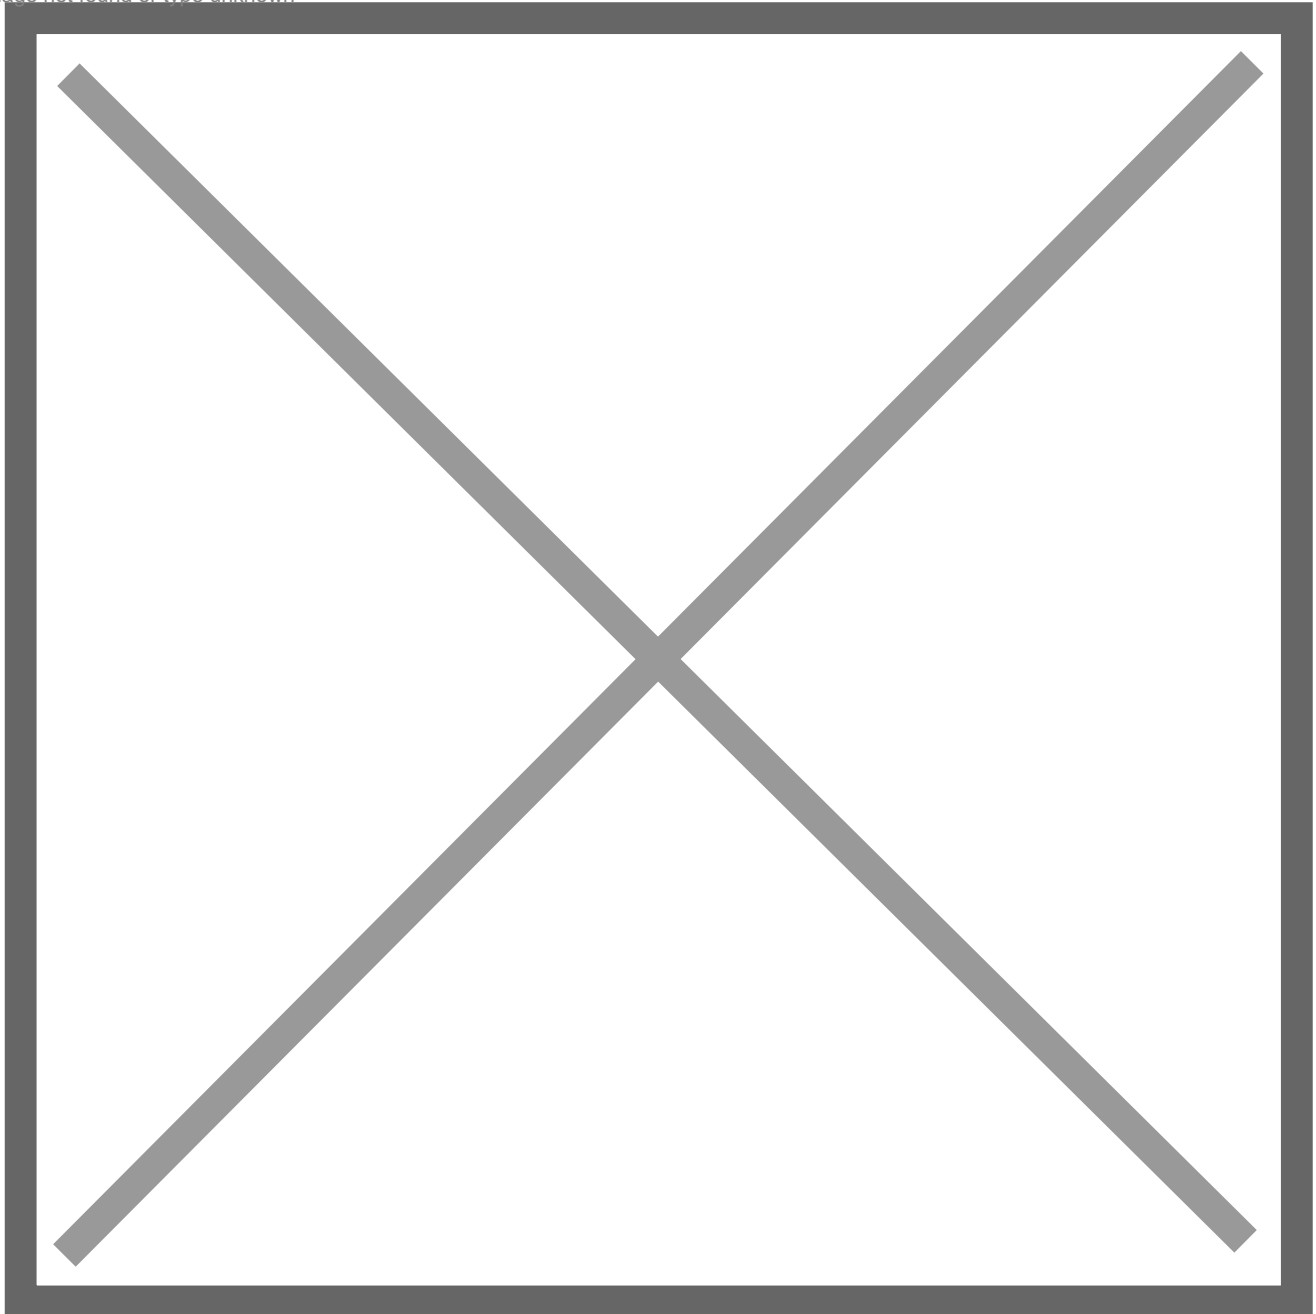

Image not found or type unknown

Reply View

Reply View is a dedicated workspace for managing and responding to comments on your social posts.

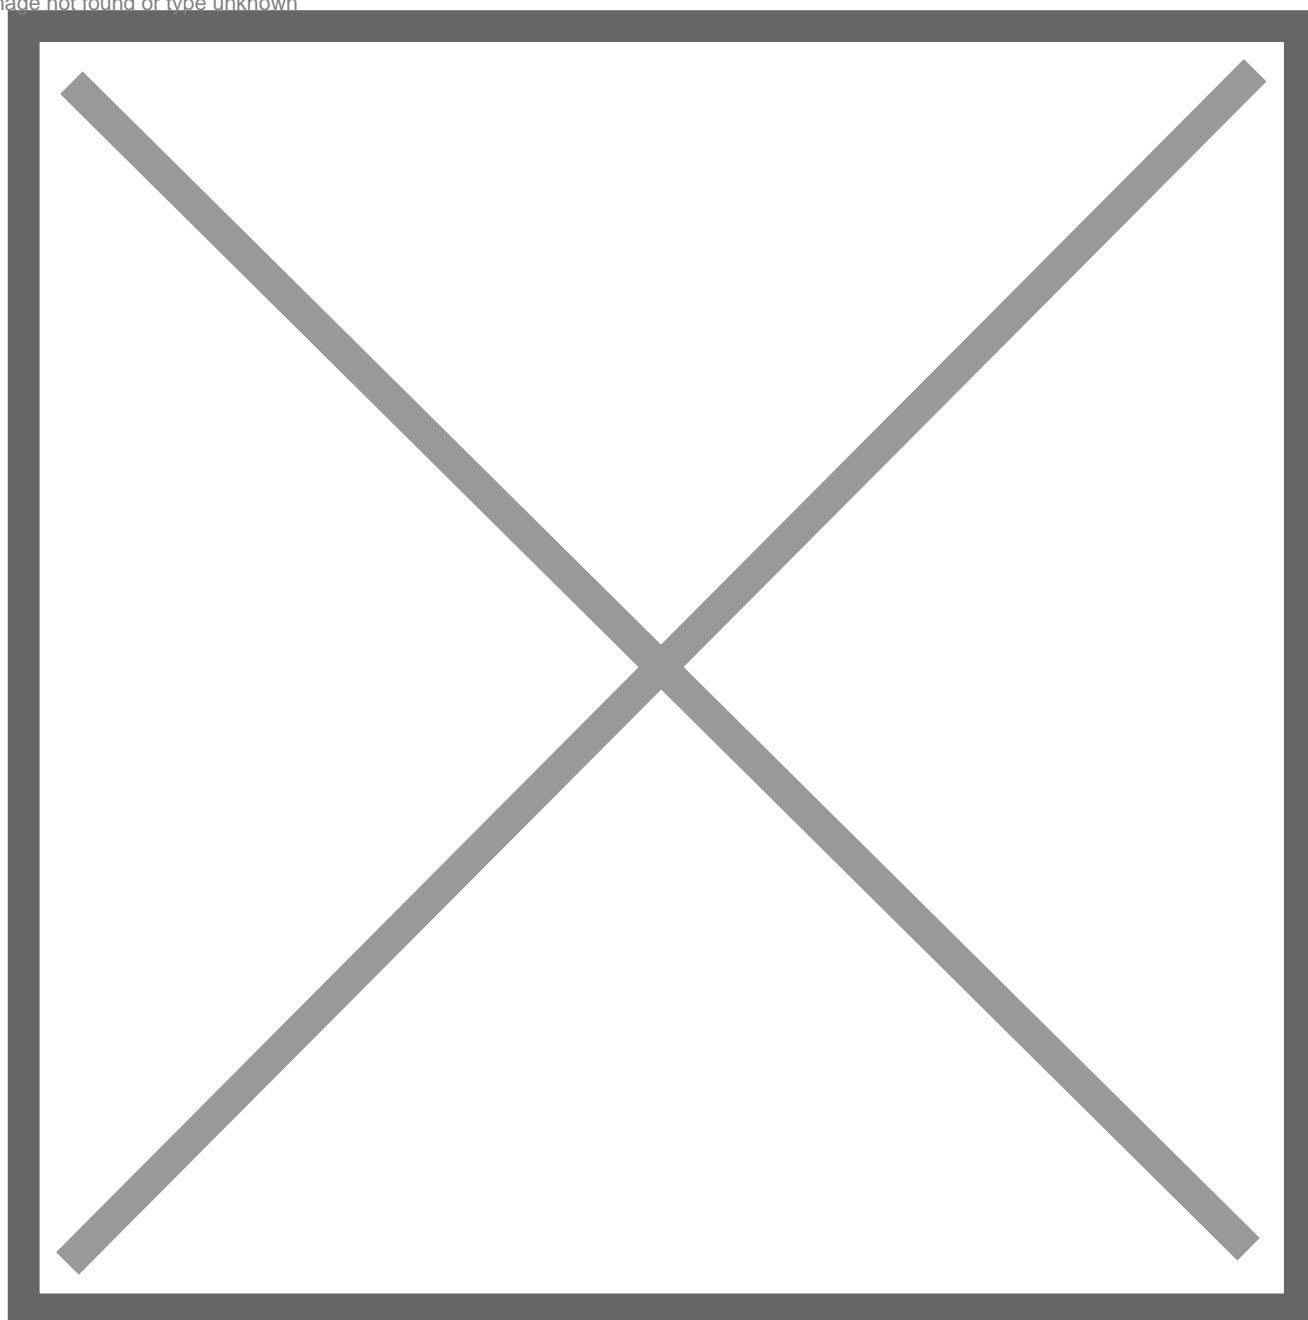

Image not found or type unknown

Listening View

Listening shows public mentions of important keywords on the web and provides insights into sentiment, demographics, and trends.

Filtering Streams

Narrow your focus by utilizing one or a combination of the filtering options:

Type	View	Description
Top Line Filters	Stream and Reply	Standard platform filters plus any custom filters added to your account.

Type	View	Description
Sentiment	Stream, Reply, and Listening	Choose the sentiment of posts to focus on. Check one or many: positive, negative, neutral.
Tags	Stream and Reply	View posts that fall into a category the platform created (e.g., posts that contain a URL or question).
Boosted	Stream	View posts that have been boosted. Available for the Facebook stream only.
Minimize Stream	Stream	Temporarily remove the stream from the page.
Filter By	Reply	Select to see only posts or only replies.
Source	Reply	Show only posts from selected sites: Facebook, Twitter, Instagram. Choose one or many.
Keyword	Listening	Show mentions from your selected keywords. Choose one or many.
Time Frame	Listening	Show only mentions from specific time periods: 48 Hours, 7 Days, 30 Days.
Bookmarked	Listening	Show only mentions that have been bookmarked.

Interacting with Streams

Monitor and take part in the conversation happening on social sites by taking action on your posts.

Type	View	Description
Comment	Stream, Reply, and Listening (when connected)	Comment on the post or on another user's comments.
Like	Stream and Reply	React to the post or another user's comments.
Boost	Stream and Reply	Available for Facebook posts only. Must have Boosting account configured.
Pin	Stream and Reply	Click the thumbtack in the upper right corner of the post to pin it for easy reference in the platform.
Bookmark	Listening	Bookmark specific mentions to show when filtered.

Using Live Streams

<https://help.reputation.com/knowledgebase/using-live-streams/> | Last Updated: January 11, 2021

Type	View	Description
Delete	Stream and Reply	Delete Facebook or Twitter posts from Stream View to remove them on the native sites. Not available for Instagram at this time.
Clear Stream	Listening	Clear mentions from the selected source stream.
